2. Although the Development Officer is in a position to advise on the principle or details of any proposals, such advice must not be taken in any way as official consent, and is without prejudice to the decision in connection with the formal application. It must be clearly understood that any action taken by the applicant within 14 days after receipt of a development permit, is at his own risk.
3. Plans and drawings in duplicate should be submitted with this application in sufficient detail to enable adequate consideration of the application together with a plan sufficient to identify the land. It is desirable that the plans and drawings should be on a scale appropriate to the development, that is:

Other drawings	—	1:100 or 1:200

However, unless otherwise stipulated, it is not necessary for plans and drawings to be professionally prepared.
