With all of the recent rainfall, it is important to be aware of ways you can prepare for potential flooding and water-related emergencies in Alberta. The following flood emergency preparedness information is provided by the Government of Alberta:

Individuals and families should be prepared to take care of themselves for at least 72 hours. The following steps will assist you in building your preparedness plan.

- Download the Alberta Rivers: Data and advisories app, or visit rivers.alberta.ca website for more information.
- Maintain an emergency kit stocked with supplies such as water, food, battery-powered/crank radio/flashlight, extra batteries or Weatheradio.
- Collect any important documents such as passports, birth certificates, banking information, and insurance papers and store them in a safe place in an above ground location.
- If you have a vehicle, keep the tank full in case fuel stations lose power or close down. Keep a vehicle kit and include an extra phone charger, with necessary adapters.
- Find out where your community will post information and updates during an emergency, and make sure to download the Alberta Emergency Alert app for critical, life-saving alerts
